October Monday–Friday
Only \$5⁰⁰ per child/chaperone

262-628-2626
(reservations only)

Basse's Taste of Country presents guided, interactive nature field trips for Kindergarten through 4th grade based on Wisconsin Academic Standards for Science. Basse's is conveniently located minutes from Milwaukee and surrounding suburbs in Menomonee Falls-no long bus rides! Our country setting is sure to make this a hands-on experience for all students.

Enjoy an animated education presentation. Learn how animals, trees and plants prepare for winter during this informative field trip. Students will visit and feed our farm animals, learn human (and animal) uses for locally harvested crops, take a tractor drawn hayride to the pumpkin patch for a pumpkin (one per person) and receive a postcard of the maze.

Price Includes: straw jumping pit, corn teepees, play area and watch the goats on our goatwalk
Minimum 20 kids per tour, Teacher free (1 per class). No rain dates. See website for contract details.

Visit www.bassesfarms.com for past pumpkinfest activities

• Public Tours •
